

**Back at Linden Grove for an All-New Session!**

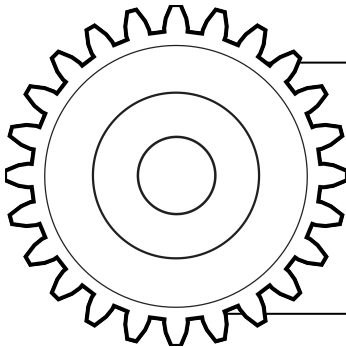

**we learn, we build, we play with  
LEGO® Bricks**

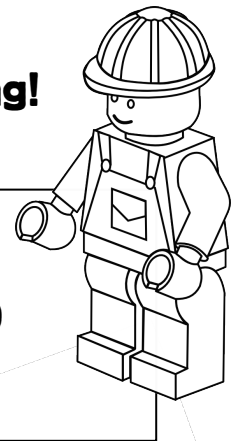

## **After School Brick Labs**

A Bricks 4 Kidz Brick Lab is a hands-on class where students build machines, buildings, vehicles and other structures out of LEGO® components including bricks, gears, axels, and motors. Every 6 week session features a different theme! Each week, students will learn a concept and then build a model\* illustrating that concept.

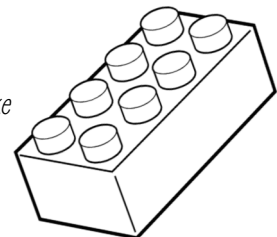

**Your kids have never had so much fun learning!**

**NEXT SESSION STARTS SOON!**  
**Tuesdays, 3:10 – 4:10pm**  
**December 5 – January 23 (6 weeks)**  
**(Note: no class December 26 and January 2)**  
**\$95 per student**

*\*Please note, the LEGO® materials used to build our models are reused from week to week. Students will not take home the completed models as that would make class costs excessively high.*

**To Register, contact Elizabeth Ewers in the Linden Grove office at 513-984-2215 or email [EEwers@lindengroveschool.org](mailto:EEwers@lindengroveschool.org). Class size is limited to 16 students.**

**PLEASE NOTE: Write any checks directly to Linden Grove School.**
