

Starting Our Adventure Right (SOAR)

What is “SOAR”?

The goal of the **Starting Our Adventure Right (SOAR) Program** is to promote safe, comfortable, and inclusive opportunities, combined with careful training and education of community members so that individuals with developmental disabilities including autism spectrum disorders and their families can fully participate within their own communities.

How does “SOAR” promote these opportunities?

The CVG SOAR program emphasizes 2 themes: **education and acceptance** using 4 crucial elements:

1. An educational training session for CVG staff
2. An educational training session for family members
3. Individualized visual supports customized to the CVG airport
4. A simulation day for participants and families at the CVG airport

Upcoming Events:

<p>SOAR Caregiver Training</p> <p>Wed September 13, 2017 at 6:30 – 8:00 pm at the Cincinnati/Northern Kentucky International Airport (CVG)</p>	<p>SOAR Simulation Day</p> <p>Saturday September 23, 2017 at 1:00 – 4:00 pm at the Cincinnati/Northern Kentucky International Airport (CVG)</p>
-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

You MUST register to attend & be present at BOTH sessions

To register online, please go to <http://www.cvgairport.com/soar>
