

Noah Broerman

Noah says LGS helped him learn how to stay calm and to improve his grades. In high school, he looks forward to learning more about mechanics and cars.

Sheldon Eads

Sheldon is “really excited” about high school though he will miss “everyone” at LGS. His favorite memory is helping prepare Café 201 breakfasts.

Christian Fuson

Christian’s favorite subjects are reading and writing because “Mr. Loar makes me laugh.” He says LGS has helped him with homework anxiety—something he will continue to work on.

Congratulations, Class of 2017!

Alexis Gerver

Alexis likes LGS after-school activities and plans to join high school clubs and sports. Academically, she enjoys the challenge and knowledge that come with each new unit, especially in mathematics.

Evan Hatfield

Evan’s favorite memories of LGS are the outside carnival and playing tug-o-war. Science has been his favorite subject because of the experiments.

Avery Horter

In high school Avery will continue to be HAPPY and smile! He will miss his teachers and learning to cook, but is excited to be moving on to high school.

Grant Isaacs

Grant will miss his LGS friends and the staff, particularly his first teacher Ms. Steinhaus. His favorite subject is science because “Mr. Kennedy makes it fun.”

Ben Kominar

Ben’s favorite subject is math “because it’s easy” and he looks forward to learning more math in high school. He will miss LGS teachers, social activities and therapy dogs.

Daniel Mills

Daniel feels LGS has prepared him for high school with fidgets for focus and concentration, and math! He looks forward to making new friends and getting straight As.

Congratulations, Class of 2017!

Avery Schonberg

Avery’s favorite LGS memory? Stella! He feels he has grown while at LGS, and looks forward to a future working with computers.

Ryan Stolter

Ryan will miss the friends he has made at LGS but feels ready for high school and looks forward to learning more in his favorite subjects: science and math.

Jacob Walker

Jacob’s favorite subject is science because “we get to learn about things I haven’t even heard about.” The thing he will miss most about LGS is “the flexibility and team work my peers have performed.”
