

Sensory Santa Event

Sensory Santa gives children with sensory concerns or physical limitations the opportunity to meet and have their picture taken with Santa in a friendly and sensory appropriate environment. Santa is a PT when he's not making toys. He and his therapist "elves" will be there to assist the child and help make it a great experience for all. One complimentary picture with Santa will be provided per family. **To maintain a sensory appropriate environment, RSVP is required with desired location to attend. Time slots are given with RSVP.**
