Kristen Brevoort is an occupational therapist at the Kelly O'Leary Center for Autism Spectrum Disorders at Cincinnati Children's Hospital Medical Center. She will provide (1) an overview of sensory issues and aversions in children with autism and (2) discuss how to build and incorporate a sensory diet at home and within the community. Therapists from Kid Power will also be available to answer questions and provide a tour of their facility.

Autism Conversations are meant to increase knowledge and stimulate dialogue on topics of interest. All speakers will discuss the identified topic from 6:00-7:30pm, and from 7:30-8:00pm, parents and professionals will be encouraged to network and all speakers will be available to answer questions.
